PUBLISHED BIENNIALLY BY

R. L. POLK & CO.

DETROIT. PITTSBURG. BALTIMORE.

Publishers of Gazetteers and City Directories.

Entered according to Act of Congress in the year 1900, by R. L. POLK & Co., in the office of the Librarian of Congress, at Washington, D. C.

917.54
P759
1900-01

INTRODUCTORY.

THE volume now placed in the hands of its patrons, by the publishers, is the seventh edition of the West Virginia State Gazetteer, the initial volume of which was issued twenty-two years ago. The present work is presented in entire confidence that it will fully meet all the requirements of such a publication, and will be found upon examination and practical use to be fully up to the standard maintained by the publishers in the previous issues; the assurance is given by them that no pains or expense have been spared to secure the utmost thoroughness and accuracy in every department of the work, both by an exhaustive canvass of the State by a corps of trained agents, and a careful and painstaking compilation by experienced and skillful men. The casual user of this volume will not appreciate the magnitude of the task of its production, but he will undoubtedly recognize its great utility. To secure to the business men of West Virginia this publication, which has become a necessity, is the constant aim of the publishers, and a glance at the large number of advert sements scattered through this volume will show the appreciation felt for the enterprise.

The earlier pages are devoted to descriptive and statistical matter relating to West Virginia; this is followed by a list of the postoffices in the State, arranged alphabetically, with a description of the geographical position of each place, leading business interests, nearest accessible shipping point when off a railroad, nearest banking point, religious and educational advantages, and other useful facts regarding it; following this is an alphabetically arranged list of all persons engaged in business there, and the whole is supplemented by a complete Classified Business Directory, comprising list of all trades, professions and pursuits, with name and postoffice address, compiled and arranged under the heading to which each belongs. The matter embodied in this work is entirely original, none being reprinted from previous issues; all the sketches of the various postoffices have been carefully revised and the business names secured anew, the publishers being unmindful of the heavy expense incurred thereby.

Sincere thanks are tendered the patrons of the work, and assurances extended that the eighth edition will be published in due season.

R. L. POLK & CO., Publishers.

Stable Fixtures

LYON & GRUMMAN, HARDWARE,
383 Main and 19 Cannon Sts.

Baker Mfg. Co., Bridgeport, Conn., Dec. 29, 1897.
Allegheny, Pa.

Gentlemen—As the year of '97 is about to close we take pleasure in communicating to you the satisfaction we have enjoyed in selling your fence for the last number of years. Wherever we have erected your fence it has met with approbation and has given universal satisfaction. The fence, we are pleased to say, makes a pretty appearance, and adds materially to the surroundings of a cottage home. We expect the year of '98 will bring us a large increase in our orders for your fencing.

Yours truly,
Lyon & Grumman.

MONONGAHELA HOUSE

PITTSBURG, PENN'A

Pittsburg's Favorite Hotel

R. L. POLK & CO.'S Medical and Surgical Register

IT IS A FACT that the leading and progressive men in the medical profession regard the REGISTER as a standard book of reference which ought to be in every physician's library.

The Register is designed to so completely cover the medical directory field that further investment in that line will be unnecessary.

If you want to know the COLLEGE STANDING of the physicians you come in contact with, you will find it in the Register.

The Register will enable you to locate a LOST FRIEND if he is practicing anywhere in the United States.

List of Physicians and Surgeons, arranged by States, giving Postoffice Address, with Population and Location of each place.
The School practiced.
College and Class of Graduation.
All the Existing and Extinct Medical Colleges in the United States and Canada, with Location, Faculty, etc.
The various Medical Societies, Medical Journals, Hospitals, Sanitariums, Asylums, and other Medical institutions
Boards of Health,
A Synopsis of the Laws for regulating the Practice of Medicine in each State.
Medical Departments of the U. S Army, Navy and Marine Hospital Service.
Roster of Examining Surgeons of the U. S. Pension Department
A Descriptive Sketch of each State and Territory and Province.
Climatological Statistics.
The Names and Location of Prominent Mineral Springs.
General Alphabetical list of Physicians, and reference to medical standing

R. L. POLK & CO., PUBLISHERS.

R. L. POLK & CO.'S

DENTAL REGISTER of the United States and Canada.

The fourth revised edition will be issued in 1900. It will contain the names and addresses of over **21,000** DENTISTS, with GRADUATION PARTICULARS, a list of all DENTAL COLLEGES in the United States and Canada, and a synopsis of the STATE LAWS for regulating the practice of Dentistry, etc., also a vast amount of other information of special interest to the Dental Profession, calculated to insure for it a large and general circulation.

It is conceded to be the standard and recognized Dental Directory and list of Dental Institutions and Societies in the United States and Canada.

PRICE OF REGISTER PER COPY, $10.00.

Flour Mill and Grain Directory

OF THE UNITED STATES AND CANADA.

NUMEROUS inquiries for a complete and reliable Directory of Flour Mills and Grain Dealers of the United States and Canada have induced us to utilize our unequaled facilities in the compilation of the work. Among the more important features are

List of all Mills, U. S. and Canada—capacity of each.
Kind of Power Used.
List of Cereal Mills—Buckwheat, Rye, Barley, Etc.
Grain Elevators.
Grain Brokers and Commission.
Grain Buyers and Shippers.
Flour Exporters.
European Flour Importers.
Wholesale Flour Merchants, U. S. and Europe.
Wholesale Bakeries.
Mill Supplies.
Mill Machinery Manufacturers.

It is replete with information valuable and of interest to the Practical Miller, the Grain Dealer, the Machinery Manufacturer, and to all either directly or indirectly interested in milling, grain or allied trades.

ALDERSON.

A station on the C. & O. Ry., and an incorporated town of 1,200 inhabitants, beautifully located amid attractive scenery, in the northwestern corner of Monroe county, 2,000 feet above the level of the sea, 14 miles from Union, the judicial seat, and 350 miles from Wheeling. it is situated on Greenbrier river—which supplies power to woolen and flour mills—a picturesque and lovely stream, which is far-famed for its bass fishing, and, during the summer season, a large number of visitors from the cities east and west locate here for the advantages of an agreeable climate and pure mountain air. A college, the Allegheny Collegiate institute, a live weekly newspaper, The Man, and 2 banks are sustained. The shipments consist of produce, lumber and live stock. Exp., Adams. Tel., W. U. John E. Shields, postmaster.

Alleghany Collegiate Institute.

A first-class Educational Establishment for young men and young women, who desire either a thorough commercial, or classical training. Our terms are most reasonable. The college is charmingly situated on an elevation in a beautiful valley, (2,000 feet above the sea) surrounded by the picturesque Alleghanies and the Greenbrier River, always a beautiful stream adding its attractive sheen. The climate is balmy and invigorating. Easy to reach. On the main line of the C. & O. Ry., in Monroe county, midway between Washington, D. C. and Cincinnati, O. The utmost care is devoted to the intellectual, moral and physical developement of our students, by the Principal and the Faculty. For catalogue and terms please address

Rev. W. S. Anderson, A. M., Principal, ALDERSON, W. VA.

THE ALDERSON HOUSE,

J. W. ALDERSON, - - - - - Proprietor.
FIRST CLASS COMMERCIAL HOTEL.

Every accommodation. Refurnished throughout. Bath Rooms, etc. Passenger trains stop in front of hotel and are met by porters day and night. The table is liberally supplied and the cuisine is of the highest excellence. An ELEGANT AND WELL KNOWN SUMMER RESORT, midway between Cincinnati, O. and Washington, D. C., beautifully located 2,000 feet above the sea level. Charming views. Most healthful, agreeable climate. **Finest Bass Fishing** on the continent in the Greenbrier river which passes the house. COMFORT, PLEASURE, REST is assured. This will be found an enjoyable place during summer months—lovely breezes and cool nights.

CHARLESTON.

Population, 18,000. The capital of West Virginia and the judicial seat of Kanawha county, is situated on the north bank of the Great Kanawha river at the mouth of the Elk. It was settled in 1787 but remained an obscure town till 1872, when it was made the capital. Today it is the third city in the state in size and commercial importance.

The United States government has constructed a series of locks on the Kanawha, which, with a navigable depth of six feet affords an excellent waterway for the extensive coal and timber interests of the district. Good railway transportation also is provided by the Chesepeake & Ohio, the Kanawha & Michigan and the Charleston, Clendenin & Sutton railways.

The city is provided with electric and gas lights, natural gas, an electric railway, good waterworks, four banks, one first-class hotel, two hospitals and two daily newspapers. Its streets are usually broad, brick paved and lined with shade trees. Iron bridges span its rivers. Handsome residences, business houses and public buildings add much to the city's attractions. The capitol and its annex represent an expenditure of $350,000, the federal building $200,000 and the county court house $150,000.

The manufacturing interests of the city comprise several foundries and machine shops, saw mills, furniture factory, etc, a veneer factory, handle factory, folding bed factory, color works, carriage works, an ice plant, etc. Shops of the K. & M. Ry., are also located here. Two telephone systems are in operation. Exp., Adams and U. S. Tel., W. U. O. A. Petty, postmaster.

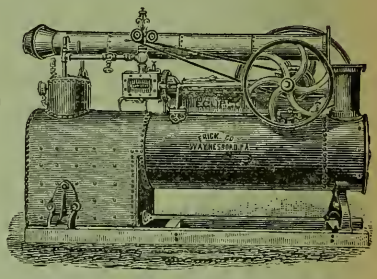
Eclipse Boilers.



ENCINES, SAW MILLS AND THRESHING MACHINES.

If is always the cheapest to buy the best. All our boilers, engines, saw mills and threshing machines are fully warranted and guaranteed to give perfect satisfaction, and fully equipped with the most modern improvements. Our Saw mills are the most conveniently arranged and the fastest lumber makers on earth. Our lever setting dog requires no hammer or mallet to force it into or draw it from the log. Our under dog for preventing leg or plank from slipping from the head block is operated by a lever. By means of one lever the sawyer can vary the feed from one-half to 4 inches, and a gig back fast or slow as he prefers. Without stopping the log this is done by a friction device thus dispensing with the annoyance of belts, friction reduced to a minimum and so equalized on the mandel as not to cause heating of boxes from end pressure. All our mills are equipped with steel rope feed, taper movement and many other superior improvements. Remember we sell our mills on easy payments. Any one in need of a boiler, engine saw mill or threshing machine please call on or write us No. 203 Kanawha Street, Charleston, W. Va. and you shall have our kindest attention.

CHARLESTOWN.

An incorporated town of 3,000 inhabitants, located on the B. & O. and N. & W. R. Rs., in Jefferson county, of which it is the judicial seat, 10 miles from Harper's Ferry, 65 from Washington, 90 west of Baltimore, and 300 from Wheeling. The town was laid out by Charles Washington, brother of General Washington, in 1786, and is located in one of the most beautiful and fertile sections of the State. The town has gas and electric light plants and water works. The social, religious and educational advantages are of the best. The Powhatan college for girls and young ladies, and the John Stephenson Female Seminary is located here. It has churches of Baptist, Catholic, Episcopal, Methodist and Presbyterian denominations. The business interests include 2 banks, 3 hotels, one of which is only open in the summer months, 5 building associations, 3 newspapers, Farmers' Advocate, Spirit of Jefferson and Virginia Free Press; bridge works, planing mill, sash and blind factory, foundry, machine shops, grain elevators, a flour mill, carriage works, barrel factory, brass and iron works, harness and fly net factory, etc. The town's contiguity to raw materials and also to the eastern markets make it a favorable location for manufactories. Telephone connection. Exp., Southern and U. S. Tel., W. U. Louis D. Getzendanner, postmaster.

Hutchison C E, r r and exp agt.
Riblet Joseph, blacksmith.
Waters M P, tel agent.

CLARKSBURG.

Population, 6,500. The judicial seat of Harrison county, has a picturesque location on the west fork of the Monongahela river, and rests upon a fertile soil beneath which is the largest and finest area of coking, gas and steam coal in the world. The coal and oil industry, although yet in its infancy, is being rapidly and successfully developed. Clarksburg is the gateway to the famous hardwood area of West Virginia, and is reached by rail in four directions, north, south, east and west, by the B. & O. and M. R. R. R Rs. The Short Line Route, a new railroad, is being rapidly pushed to completion between this point and New Martinsville, to connect there with the Ohio River R. R. This road will open up valuable fields of enterprise in Harrison, Doddridge and other counties and prove a most material advantage to Clarksburg as a trading and business center. Clarksburg is destined to be the chief town of commercial importance, occupying the central portion in the midst of West Virginia's most prosperous towns. On the north is Fairmont and Morgantown, due east is Grafton, west is Parkersburg and West Union, and south is Weston, Buckhannon and Sutton. About half a day's travel by rail reaches Cincinnati, Pittsburg or Washington. Harrison Co. ranks first among the 55 counties of the State. The auditors' report gives the following information: Harrison county, exclusive of buildings, has a taxable land value aggregating $815,000 more than any other county in the State. The same report showed Harrison county to have 2,000 more horses, 6,000 more cattle, and over $100,000 more value in farm products than any other county in the State. The average rate of taxation for county purposes in the State is 58½ cents on the $100. During the past 5 years there have been more improvements in Clarksburg than for 20 years previous. Three of the most elegant bank buildings in the State, the Merchants' National, the Traders' and R. T. Lowndes & Co.'s Savings Bank have been erected. Clarksburg has 9 churches, 3 excellent public schoolbuildings, 1 business college, 1 Catholic seminary, 3 weekly newspapers, 4 brickyards, 4 banks, 2 planing mills, 2 flouring mills, 3 machine shops, 5 large wholesale establishments, 2 ice

THE
Kessler
Hospital.

CLARKSBURG
W. VA.

A progressive, modern Hospital, in one of the most active and progressive States. Conveniently located near the Hub or centre of W. Va. Easy to reach by all railroads. It is charmingly situated; lovely climate and scenery; well kept lawns, shade trees, porches, verandas. A modern building on a spacious site, cheerful and homelike in all its surroundings. Present capacity limited to fifty patients, who are successfully treated for all kinds of diseases. Every new and scientific appliance is included in its equipment. Baths of every description, electrical devices, X ray, etc., etc.

A SPECIAL DEPARTMENT of The Kessler Hospital is the scientific treatment of CANCERS, TUMORS, and all Skin Diseases, without the use of the knife.

A Cure Guaranteed. Free consultations and examinations
Write for testimonials and proofs. Also for terms, which are always reasonable.

DAVIS.

With 3,000 population, is located on the W. Va. C. & P. Ry, in Tucker county, 20 miles east of Parsons, the county seat, 57 from Piedmont and 84 from Cumberland. As a business center Davis has inducements to offer to the manufacturer unsurpassed by few, if any, in the State. It is situated on a plateau on the extreme summit of the Alleghenies, at an altitude of 3,170 feet above sea level. The pictur-

esque and romantic beauty of the surrounding country, and the healthful and salubrious climate, bracing air, delightful summer climate, excellent trout streams, forests in which game abounds, offers to the summer boarder, tourist, pleasure-seeker and sportsman a place he should not fail to visit. The Blackwater Falls are easily reached by a halff-hour's walk. At this point the Blackwater river leaps over an abrupt precipice of 68 feet, and for picturesque beauty and grandeur of scenery is unequalled. Davis has churches of the Catholic, Lutheran, Methodist and Presbyterian denominations, a bank, 2 large lumber mills ,excellent hotels, a tannery and a pulp mill. Two enterprising weekly newspapers, the Davis Republican and The News, are published. There are 4 passenger trains daily between Davis and Thomas, a distance of 7 miles. Exp., Adams. Tel., W. Va., Central. (Tel. St. George and Parsons Co. Sumner W. Thompson, postmaster.

try. It was in the Elk Garden region that the famous 14-foot, or "Big Vein," was first developed, and it is estimated by geologists that the field contains over 100,000,000 tons of workable coal. The town has Catholic, Methodist Episcopal South and Presbyterian churches, and a graded public school. Coal and lumber are shipped. The surrounding country is excellent for grazing purposes. Exp., Adams. Tel., W. Va. Central. S. Davis, postmaster.

ELKINS.

Named in honor of Hon. S. B. Elkins, U. S. senator from W. Va., is located in Randolph county, on the W. Va. C. & P. Ry, 113 miles from Cumberland, and 7 from Beverly. The town was founded in April, 1889, and is, therefore, less than 11 years old. Its present population, which is steadily increasing, is about 3,500. The natural location of the town is the most beautiful that can be imagined, situated on a plain 1920 feet above sea level, and surrounded on all sides by foot hills that rise by regular gradations in every direction, producing a picturesque effect. The town has several good hotels. The railway company's round house, car and machine shops are located here as well as the main offices of the company. A bank building of blue granite, and perhaps the finest in the State, is completed. Situated on one of the most prominent hills and commanding an excellent view of the town and surrounding country, is the palatial summer residence of Hon. S. B. Elkins, containing 82 rooms and costing a fabulous sum of money. Ex-Senator H. G. Davis and Hon. R. C. Kerens, National Republican Committeeman of Missouri, also have beautiful residences here. The railroad extends to Huttonsville, 18 miles distant. Contracts for tunnels and grading are now being let for a branch extension of the road southwest from Elkins to connect with the C. & O. road now being built to the forks of the Greenbrier river in Pocahontas county, which will open up a virgin region [illegible] wealth in lumber, coal and minerals, and giving for these products a direct connection with Pittsburg and the leading markets of the east and west. The other branch runs

northwest to Belington, Barbour county, connecting with the Grafton & Belington road, and thus gaining an outlet to Pittsburg, Cincinnati and the west. Elkins is thus a railroad center, and will ere long be decidedly the most accessible point in the State. The entire northern and central portions of West Virginia, which have hitherto been controlled by the B. & O. R. R., and which have in consequence been made tributary to Baltimore instead of Pittsburg, via the natural outlet, will now develop more rapidly than ever before. Markets will be nearer and freights will be lower. Elkins is blessed with superior advantages, its inexhaustible supply of coal, its virgin forests that yet stand untouched, excellent transportation facilities and the cheap living that is incident thereto, all combine to make it a mining and manufacturing city that defies rivalry and competition. The trout-filled streams and forests alive with wild turkey, bear and deer, attract sportsmen, its picturesque scenery attracts the artist, while the pure water and crisp mountain air induce the health-seeker to visit this city of the Alleghenies. Two weekly newspapers are published—Tygart's Valley News, and the Inter-Mountain—and there is a modern opera house with a seating capacity of 700. Exp., Adams. Tel., W. Va. Central. Telephone connection. James S. Posten, postmaster.

Little John, General Store.

FAIRMONT.

The judicial seat of Marion county, is an important coal mining city of 7,000 inhabitants, located on the B. & O. and M. R. R. Rys, 77 miles from Wheeling, 128 from Pittsburgh. It has 13 churches, State Normal school, good public schools, 5 hotels, 3 banks, 3 weekly newspapers—West Virginian, Free Press and the Index—a wholesale grocery and 3 cigar manufactories and a wholesale drug and chemical house, 4 steam job printing offices. Its manufacturing industries comprise 4 flour mills, 2 foundries, 2 machine shops, 4 planing mills, a saw mill, 3 glass works, an ice plant, bottling works, and brewery, carriage and wagon factory, woolen mill, candy factory, pottery, etc. Fairmont is noted for its coal fields. Often as many as 1,000 carloads of coal (32,000 tons) and from 75 to 90 carloads of coke are shipped from this point in one day. The town is connected with Palatine, now the first ward, by a fine suspension bridge, built at a cost of $30,000. Ground has been secured here for the site and erection of the State Miners' Hospital. Fairmont is lighted by electricity, has brick paved streets, an excellent system of water works, a volunteer fire department, and two telephone systems. A new court house is nearly completed at a cost of $250,000. Has a free postal delivery, which it is expected will soon be extended to the first ward. The watson Hotel is one of the best hotels in the state, being a magnificent building, recently erected, it is very liberally patronized by the traveling public, who rarely meet with the full satisfaction which is assured at the Watson, whose lessee is always on the alert to earn the approbation of his guests. The new M. P. church building just completed is a very handsome structure, and among the best church edifices in the state.

THE REMINGTON TYPEWRITER goes into every corner of the EARTH, and does good service everywhere. It is popular at home and abroad.

GRAFTON.

Population, 7,000. The county seat of Taylor county, is located on the Tygart's Valley river, a branch of the Monongahela, 100 miles east of Wheeling, and is the terminus of 4 divisions of the B. & O. R. R.—the main lines to Baltimore and Wheeling, the branch to Parkersburg, giving direct outlet to Cincinnati and the Grafton & Elkins branch, connecting at Belington with the W. Va. C. & P. Ry., giving the city the best of shipping facilities. Natural gas is used for fuel and heating purposes. It is lighted by electricity, is supplied with pure mountain water by one of the finest systems of water works in the state, and from the high pressure gives the town an elegant fire protection, has an opera house seating 1,000, 3 telephone systems, first-class hotels, 3 banks, 2 newspapers weekly (Leader and Sentinel) and 1 daily (Daily Leader), 5 school buildings and 10 churches. The principal manufactories are 4 planing mills, a box factory, artificial ice plant, a foundry, 2 flour mills, pump factory, candy factory, cigar manufactories, 2 wholesale groceries and the B. & O. machine shops giving employment to over 600 men. The streets in the business portion of the town are paved with brick and there is a splendid sewerage system. The city, through its Board of Trade, offers free manufacturing sites. The B. & O. R. R. is shortly to remove its repair shops to a larger and more favorable site in West Grafton, where the capacity will be increased for the employment of skilled labor. The same company has also determined on the removal of the present depot to a more advantageous location, where a handsome new depot will shortly be erected. The town on the west side of the river, formerly known as West Grafton, with 900 people, was joined to Grafton in the spring of 1897, but still has a postoffice of its own. Exp., U. S. Tel., W. U. J. W. Holt, postmaster.

Harriman P A, genl store.

HUNTINGTON.

Population 14,000. The judicial seat of Cabell county and the fourth city in size in the State, is situated on the Ohio river 162 miles above Cincinnati and 215 below Wheeling. The Chesapeake & Ohio and Ohio River railroads pass through the city and make connection with the Norfolk & Western 8 miles down the river at Kenova. Pittsburgh and Cincinnati boats stop daily, also boats for local river points. The shops of the C. & O. Ry. and the American Car & Foundry Co. are located here. Among other industries are foundries, planing mills, excelsior, picture frame, church furniture, plaster, ice and handle factories, a brewery, electric light and street railway plant, water works, etc. The city is well laid out with straight, wide streets, almost invariably crossing one another at right angles. Public and private buildings are above the average. The fire department is well equipped. Handsome county buildings are being erected. The West Virginia Home for Incurables is adding another section. Marshall College State Normal School has recently been enlarged. Vacant houses have taken new tenants, and the one city of the State most affected by the depression seems to have recovered itself. Prospects are again bright for Huntington. The city has its share of churches, has four first-class hotels, three banks, two daily papers—the Advertiser and the Herald—and six weeklies. Telegraph and telephone facilities. Adams Express. James A. Hughes, postmaster.

MALATHA ASPHALT ROOF.

All Made Into One Peice.

Roofs Manufactured on Buildings, 3, 4, 5 Ply.

Finished with Asbestos or Gravel Top, Fire Proof. The Best Roof in the World. No leaks, no seams, no repairs, no painting. Guaranteed for ten years for large fire proof buildings, and factories, depots, road houses, &c. Write for samples and estimates.

Dip Your Shingles in LIGHT COATING MALATHA.

A wonderful discovery. It will prevent Rot or Mildew in the top and more than donbless the life of the Shingle. Dries quickly, and is cheap. Remember to dip 10 or 12, it will save time and money. Thousand are using MALATHA. Why not You? Also for Posts and anything going to be in the ground.

FARMERS use it for Cotton Stack Covers, etc. Nothing coated with MALATHA will be struck with lightning. Mi,lions of property destroyed and scores of lives lost by lightening this year. PAINT YOUR ROOFS.

KEYSER.

Population, about 3,000. Located at the junction of New creek and the north branch of the Potomac river, the latter affording some water power, and a station on the B. & O. and W. Va. C. & P. Rys., in Mineral county, of which it is the judicial seat, 23 miles west of Cumberland, 180 southeast of Wheeling, 183 east of Parkersburg, and 215 west of Baltimore. Has large B. & O. repair shops, a furniture, door and box factory, woolen mills, 2 flouring mills, a high and graded public school, white and colored Methodist Episcopal and Methodist Episcopal South, Presbyterian and Roman Catholic churches, and 2 weekly newspapers—the Tribune and the Mountain Echo—3 hotels, a bank and electric lights. Coal is mined in the vicinity. One of the best systems of water works in this country has recently been installed, the supply being drawn from a never failing spring of the purest mountain water. The fall of 299 feet gives it a pressure of 126 pounds to the square inch, making a first-class fire protection and power for light manufacturing. Telephone connection. Stage line daily to Petersburg and Moorefield; fare, $3.00. Exp., Adams and U. S. Tel., W. U. J. W. Matlick, postmaster.

MANNINGTON.

An incorporated town of 3,300 inhabitants, located on the B. & O. R. R., in Marion county, 17 miles northeast of Fairmont, the judicial seat. It is the center of the now famous Marion county oil field, recently developed, and the recent scene of the greatest activity in the West Virginia oil region. There are a large number of producing wells. The average production is still large, and the output since the developments began has been very great. The town is now not only an oil center of a territory which has rarely been excelled for its mammoth developments and immense runs, but has assumed the character of a commercial and

manufacturing district, and is rapidly branching out in the manufactures. Handsome inducements are offered, and to those seeking locations this point offers exceptional facilities in the way of cheap fuel gas, etc., etc. A large glass works is now in full operation, making not only staple lines in bottles, etc., but handsome, plain and decorated advertising novelties. The largest boiler and machine works in the state is also established here and the output in large demand in many sections of the U. S. It is a shipping point for lumber and other products of the surrounding country and numbers among its manufacturing industries one of the largest tanneries in the state, 2 planing mills, 2 drilling tool works, 2 flouring mills, marble works and others of minor importance. The town has 4 churches, an opera house with a seating capacity of 800, a fine union school building just completed, 3 banks and 2 weekly newspapers—the Enterprise and the Advocate are published. Many blocks of the streets are well paved. The town is well lighted by electricity and natural gas in general use for fuel. The Hotel Bartlett, one of the best-known hostelries of the state, is largely patronized by the traveling community. The invariably courtesy of the proprietor, combined with unsurpassed cuisine and many advantages found only in larger cities, make the Bartlett a deservedly popular hotel. Telephone connection is afforded by the Bell and the Fairmont & Mannington Telephone Cos. Exp., U. S. Tel., W. U. John O. Huey, postmaster.

Population, 10,000. The metropolis of the famous Shenandoah Valley, and the judicial seat of Berkeley county, is located on the B. & O. and C. V. R. Rs., both affording an outlet to the markets of the north, south, east and west. Washington can be reached in 2 hours, Baltimore in 3 hours and Philadelphia and New York in 5 and 7 hours respectively. The city is one of the most beautiful in the state, with its wide streets and avenues built on either side with splendid blocks of business houses and residences. It is supplied with water by the Holly system from a boiling spring of perfectly pure water capable of supplying a population of 35,000. The public school system

ranks among the best in the state and all the principal religious denominations have good churches, which are well supported. The press is represented by the daily and semi-weekly World (Dem.), and the semi-weekly Statesman (Dem.), the Independent (Ind.), and the Herald (Rep.), the Democrat and the Pioneer Press, published weekly. The postoffice and United States court house is a fine building, recently completed at a cost of $150,000. This is an important manufacturing point, having within its boundaries the largest distillery in West Virginia, with a mash capacity of 750 bushels per day, hosiery mills; with a capacity of four million pairs of hosiery per year, canning factory and ice plant, brass foundry, boiler works, three large flour mills, carriage and wagon works, grain elevators and lumber yards, and a large woolen mill. The city is surrounded by a rich agricultural region, producing grain and fruits of every description in abundance, and this, with the wealth of timber, coal, iron, limestone, clays, its healthful climate and excellent transportation facilities make it one of the most inviting localities in the state. The most liberal inducements are held out to the capitalist and manufacturer. Exp., American, Adams and U. S. Tel., W. U. Alex Clohan, postmaster.

MORGANTOWN.

With 4,500 population, is 25½ miles north of Fairmont and 102 miles south of Pittsburg, Pa., in Monongalia county, of which it is the judicial seat, on the Fairmont, Morgantown & Pittsburg railroad. Is the location of the State University, and is one of the most thriving towns in West Virginia, being favorably situated for a manufacturing point. It is the present head of navigation on the Monongahela river, which is slackwatered to this point from Pittsburg. The government appropriation of $1,200,000 for the improvement of the river between Morgantown and Fairmont and the construction of six locks and dams, some of which are nearing completion, will shortly give a navigable stage of water at all seasons of the year to Fairmont. Railroad connections have been made with Uniontown, Pa., giving the Baltimore & Ohio a through line from Fairmont to Pittsburg. The road to Morgantown is on the east bank of the river and penetrates one of the richest coal fields in the country. Five big veins of bituminous coal, with a number of smaller ones, present their outcrop along the valley. They vary in thickness from 5 to 11 feet, and the coal is excellent for coking purposes. Natural gas is found in abundance, and this fuel is used in Morgantown, giving the place a great advantage as a manufacturing point. It already has water works and is growing rapidly. The West Virginia & Pennsylvania road has been surveyed to this place, and will be built in the near future. The Morgantown & Kingwood railroad will shortly be completed and open up one of the richest portions of the state. It is 26 miles in length and will directly connect Kingwood, the county seat of Preston county, with Morgantown. This new road will open up a rich section of timber and coal land and valuable deposits of iron ore, limestone, fire clay and glass sand. Limestone, potters' and fire clay are abundant throughout Monongalia county, which is also a rich agricultural region. Morgantown has 10 churches. It is lighted by electricity and has three banks, glass works employing 400 hands, woolen mill with 50 employes, two large planing mills, flour mills, furniture factories, brick and tile works, watch glass works and two weekly and one daily newspapers. The court house, a fine building, was erected in 1892 at a cost of $100,000. Morgantown is rapidly advancing and improvements in building and fine houses are general. Many streets have been graded and paved and the city is well abreast of the age with all that goes to make a desirable home city. North Morgantown, a delightful suburb, has many ad-

West Virginia University.

MORGANTOWN, W. VA.

The recent rapid growth of the University is as notable in the increased facilities and the improvement in the quality of the work as in the number of students and instructors. The State of West Virginia is behind this University and will not see it occupy an inferior position.

The standard of scholarship has been raised all along the line. A number of new courses have been established which will be found to be of great advantage to large numbers of students.

The School of Music has a faculty of seven scholarly musicians trained in the best schools of this country and Europe. The new pipe organ just erected at a cost of $5,400, the gift of two liberal friends, completes the splendid equipment of this school, which is now doing work unsurpassed anywhere.

The newly arranged A. B.—Medical Course—is one of the best in the country, and enables a student to complete a high grade medical course in two-years after taking his batchelor's degree.

The Domestic Science Department teaches cooking and scientific housekeeping as in no other University.

Expenses are very low. The Summer Quarter begins June 21st and ends September 1st. The Fall Quarter begins September 19th. The Winter Quarter begins January 2d, and the Spring Quarter begins April 1st.

The Catalogue will be sent free upon application to

MOUNDSVILLE.

Population, 6,000. This city, the county seat of Marshall county, is situated in one of the most healthful and picturesque sections of the state. Located on the Ohio river, the B. & O. R. R. and the O. R. R. R., and 11 miles south of Wheeling, it is easily accessible by rail and water, and enjoys shipping facilities of which any metropolis might be proud. Aside from its importance as the judicial seat of Marshall county, the location of the state penitentiary and the center of a rich agricultural district, it already enjoys the distinction of being the chief manufacturing city outside of Wheeling in Northwest Virginia. The sterling worth of its products is attested by their enormous demand from all parts of the United States. Among its numerous industries may be mentioned 3 planing mills, a tannery, grain cradle works, 3 flour and feed mills, wagon works, 2 brick yards, a flynet, broom and whip factory, a foundry and 2 machine shops, coal shafts, a nursery, an electric light plant, 2 building and loan associations, a cigar factory, and numerous other enterprises. A mining and manufacturing company which has secured large tracts of land offers rare inducements to manufacturers, capitalists and business men. These desirable agricultural and mineral lands are laid off in city lots and manufacturing sites, and capital, wide awake to every paying enterprise, has not been slow to invest. An electric street railway is built from Benwood to Moundsville. The Fostoria Glass company, of Ohio, one of the largest of its kind in the country, capacity to be doubled this year, employing 600 workmen, is located here. Moundsville's 8 churches attest the devout spirit of the citizens. It has excellent graded schools, the high school building costing $35,000, is one of the finest in the Ohio valley, 2 flourishing banks and numerous hotels. The press is represented by the daily and weekly Herald, daily and weekly Echo, and the Gospel Trumpet, a religious weekly; also two other religious papers. Neither is Moundsville devoid of interest to the antiquarian, for the Mammoth Mound, known the world over as

WHEELING BRASS CO.,

the largest artificial mound in existence, is located here. The mound is 1,300 feet in circumference at the base, 79 feet high, and in cubic contents is equal to the third pyramid of Egypt. An excavation in 1838 revealed in the vaults and sepulchres, with which the mound abounds, skeletons, beads, sea shells, numerous copper ornaments, and a stone on which is inscribed hieroglyphics which have never been deciphered. Moundsville has a fine court house, paved strets, is lighted by electricity, and can compete with the world in cheap fuel, cheap building material, cheap transportation and cheap living. The Moundsville Water Works company supplies the town with a first-class quality of water from a complete system of mains reaching all parts of the city. Moundsville is the location of the Wheeling District Camp Grounds, having a hall whose seating capacity is 6,000. It also has one of the most beautiful parks in the state, 36 acres in extent, with 160 cosy, comfortable cottages for summer visitors. The cheapness of fuel, the abundance of water, the excellent shipping facilities, together with the low rate of freight, all combine to give Moundsville advantages enjoyed by but few cities. Tel., W. U. Exp., U. S. and Adams. A. E. Linch, postmaster. Free mail delivery employing five carriers.

NEW MARTINSVILLE.

The judicial seat of Wetzel county since 1846, when the county was formed out of Tyler county. It is on the Ohio river and Ohio River R. R., 38 miles south of Wheeling. Was established in 1838, incorporated in 1848 and reincorporated in 1871. The metropolis of Wetzel county has enjoyed a healthy and permanent growth in the past four years and now has a population of over 2,500. Its growth has resulted partially from the general development of the state, but in the main is attributable to oil fields that have been developed within its limits. These fields are known as Elk Fork, Proctor, Piney, Wolf, Penn, with extensions to them under different names. The city has undergone a transformation under these influences and the past two years has seen many fine dwellings erected within the corporation, while several large and modern business houses have been built. During the coming year building will be quite extensive and many new business houses will be completed. The city is attracting much attention from outside parties and the influx of people is of no mean proportions. The assurance of the Short Line Railway, Clarksburg to New Martinsville, the roadbed of which is nearing completion, is regarded as giving the city great advantages and making it the commercial center of a vast area of West Virginia's coal fields. Several

W. A. Bunting & Son STENCIL WORKS, 204 Fifth Ave., PITTSBURG.

railways, tapping some of the richest veins of coal in the state, are projected to connect with the Short Line Railway. The financial backers of this road have purchased a large tract of land south of the city, a part of which has been laid out in lots; the remainder will be used for machine shops, yards and coal tipples. The improvement of this tract, that they have mapped out and definitely decided upon, gives assurance to the belief that the tract will be utilized as coal yards for the "black diamond" of a vast area of the coal fields and that the coal will be marketed by boat from here. Another advantage, to this city and Wetzel county, of the Short Line, is that it will make the oil fields accessible the year round and in addition opens the way for the marketing, on a commercial basis, of several large tracts of timber lying along its route. While the city is enjoying a permanent and continuous growth, there is no evidence of a "boom." Real estate, while commanding a fair price, has not reached an exhorbitant scale. Much territory for building is available and several additions to the city have been laid out, from which can be selected lots suitable for either business or dwelling houses. During the coming summer—1900—a handsome court house will be erected upon the site of the old one at a cost of $45,000. The municipal improvements will include handsome and modern school buildings, adequate in dimension, to accommodate the increasing enrollment resulting from the many new comers. Also embracing a sewerage system, an electric light plant and work preliminary to street paving. The city offers exceptional advantages to manufacturers to locate here. Gas is abundant and cheap; good sites for building and the best shipping facilities by rail and water. Among the more promising improvements that 1900 will see completed is a wholesale grocery company with a capitalization of $50,000. Work has been progressing on the building for sometime and it is nearing completion. A national bank and union depot are among the assured new institutions. The present banking facilities of the town are contained in the Wetzel County bank and the New Martinsville bank, both laudable institutions. The Episcopal, Methodist Episcopal, Christian, Catholic and Methodist Episcopal South religious denominations are represented in the city. Three papers are published, the Wetzel Republican and Wetzel Democrat, both weekly, and the Mountain State Gavel, a monthly organ of the Jr. O. U. A. M. The country lying back of the city affords good agricultural, grazing and fruit raising lands. It is fertile and produces large crops and is inhabited in the main by thrifty German farmers. Local and long distance telephone connections. Mail stage daily to Minnie, Porters Falls, Reader, Piney, Ross, King, Lot and Pine Grove. Exp., Adams. Tel., O. R. R. R. J. F. McCaskey, postmaster.

PARKERSBURG.

Population, 23,000. This beautiful city is the county seat of Wood county, West Virginia, and is second in the state in population, commerce and manufacture. It is situated at the confluence of the Ohio and Little Kanawha rivers, 94 miles below Wheeling, 395 miles from Baltimore, 195 miles from Cincinnati, and 162 miles from Pittsburg; and is laid out with broad and regular streets well paved and sewered, and provided with street cars. It is thoroughly lighted with electric lights, and two large tanks on Prospect Hill furnish it with its water supply. Coal and gas, both of which are plentiful, are used as fuel. Its fire department is the finest and best equipped in the state. Ample transportation facilities are afforded by the Baltimore and Ohio, the Ohio River, and the Kanawha Valley Railroads, the latter having just completed 30 miles of track and will soon be running trains to Burnsville, Braxton county, a distance of about 100 miles from Parkersburg. The main line of the B. & O. R. R. connects from the east with the B. & O. Southoffice is at this point, extends from Parkersburg to St. Louis. The Parkersburg and Marietta branch of the B. & O. Southwestern connects with the Zanesville and Ohio, the Cleveland and Marietta, and the Toledo and Ohio extension, while the Ohio River R. R., whose main office is that this point, extends through the entire state from Wheeling to Kentucky. It connects at Ravenswood with the R. S. & G. R. R., which extends to Spencer, the county seat of Roane county, and at Mill Wood with the Ripley and Mill Creek Valley Road, running from Ripley Landing to Jackson C. H. It also connects both north and south with several great systems of railroads, making it a competing line with the Baltimore and Ohio for eastern and western traffic, as well as north and south. A magnificent steel bridge spans the Little Kanawha river at Parkersburg, and with one exception, the Ohio river is spanned at this point with the longest bridge in the world. The Little Kanawha river has 52 miles of slack water and is navigable at nearly all seasons of the year. The Ohio river is also navigable to this city from all points, and by means of 90 miles of slackwater of the Muskingum river, which empties into the Ohio at Marietta. A large trade is carried on between Parkersburg and Zanesville. The prosperity of the building industry and its allied interests reflect significantly the city's growth and development. The homes of the working classes are pretty, cozy and comfortable; the residences of the wealthier citizens are spacious and elegant, and the business houses are substantial and attractive. Real estate has never commanded fancy prices, but is steadily increasing in value, enabling the working classes to own their homes and thus materially enhancing the welfare and prosperity of the city. The banking business is transacted by the following thoroughly reliable banks: The Citizens' National Bank, the Parkersburg National Bank, the First National Bank, the Second National Bank, Farmers and Mechanics National Bank and the Wood County Bank. But few cities of its size have ampler banking facilities, and none have sounder banks than Parkersburg. Notwithstanding the phenomenal industrial advance, that of the educational interest has been equally great. The public schools are unsurpassed by those of any community in the country. There are fifteen commodious public school buildings now in use. The High school building (costing $93,000) surpasses in size and architectural beauty many institutions of like character in the larger cities; in addition there is a female seminary, a convent and a business college. Parkersburg postoffice and custom house building is the finest in the state, and her

academy of music would be a credit to any city. The new city hall, recently completed, is by far the finest in the state. The city is supplied with gas and water works, lighted by electricity, has telephone exchange, excellently paved streets, the best street car system in the country, city parks, first-class hotels, and all conveniences of a modern metropolis. Neither are religious organizations neglected, there being 13 churches, representing the leading religious denominations. Journalistic enterprise has not gone unrewarded, as is evidenced by the spirit and intelligence of its public press and the generous support that is accorded thereto. The State Journal and the Sentinel (daily and weekly), the Sunday and Daily News and the West Virginian, monthly, devoted to the state, are newspapers of which any city might well be proud. The most extensive business interests of Parkersburg are those of the lumber industry. The poplar, walnut, oak, cherry and other woods with which West Virginia abounds are manufactured into all classes of furniture, sawed lumber, etc., and shipped to every known land. The other manufacturing interests comprise oil refineries, machine shops, furniture factories, foundries, flour mills, tanneries, paper and pulp factories, wire works, edge tool works and steel plant and numerous other industries. Exp., U. S. and Adams. Tel., W. U. Edward McCreary, postmaster.

PARSONS.

Population, 1,200. This beautiful little city is located on Cheat river and the West Virginia Central & Pittsburg Railway, 91 miles from Cumberland. It is the county seat of Tucker county and a distributing point for a large section of country. The Commercial and Windsor hotels are the principal ones in the city. A handsome new Court House is nearly completed costing upwards of $30,000. It is one of the most attractive in design in the state and of unusual architectual beauty of which the inhabitants of Tucker county feel just pride. Lumber and live stock are extensively shipped. The principal industries are Milton Tannery Co. and Union Manufacturing Co., and a flouring mill. Two live weekly newspapers, The Tucker Democrat and the Parsons City Advocate are published.

Established 1869.
J. C. ROBINSON **ACCOUNTANT, 444 Fifth Ave.** Pittsburg, Pa.
Highest References. Special Attention given to Commercial Collections; Opening and Closing Merchants' Books. Deranged Books and Books in Litigation Adjusted.

W. A. Bunting & Son STENCIL WORKS, 204 Fifth Ave., PITTSBURG.

Fruits of all kinds are produced in abundance in this section, and owing to the vast quantities of coal, mineral and timber that abound, thousands of acres of which remain untouched, the most favorable inducements are offered for investment of capital at this place. The West Virginia Central Telegraph Co. and the St. George Telephone Co. have offices at this place. Exp., Adams. William F. Squires, postmaster.

O'Hara & Cottle, genl store.

PENNSBORO.

A town of 1,000 inhabitants, on the B. & O. R. R., at the junction of the P. & H. R. R., in Ritchie county, 9 miles north of Ritchie C. H., 42 from Parkersburg, and 62 from Grafton. It is supplied with Catholic, Methodist, Presbyterian and United Brethren churches, a handsome large brick school house, a town hall, 2 banks, 2 good hotels, numerous well stocked special and general stores, and 2 live weekly newspapers, The News and Republican. The town is well lighted with natural gas, and oil is being produced in close proximity—a large amount of supplies and materials for the adjacent fields are shipped to this point. A railroad will shortly be built from this point through the prolific territory to Sistersville, with an extension to Burnsville in Braxton county, opening up a marvelously rich and undeveloped section of coal lands The manufactories include a large keg factory, a tannery, 2 planing mills, flour mill and a number of smaller industries. This is the largest shipping point on the Parkersburg branch for produce, cattle and tobacco. Telephone connection, local and long distance. Exp., U. S. Tel., W. U. Wm. B. Kelly, postmaster.

THE PENNSBORO NEWS,

D. A. FAWCETT, Proprietor. PENNSBORO, W. VA.

The only Democratic Newspaper published in the growing Counties of Ritchie and Tyler.

From Parkersburg to West Union, 55 miles,

From Sistersville to Grantsville, 70 miles,

the richest part of West Virginia, there is only one Democratic newspaper, The Pennsboro News, a large 56-column paper that goes to 1,600 families every week. At some post offices THE NEWS has more subscribers than the eight Republican papers combined and always more than any two of them.

This data is submitted as a pointer to advertisers aiming to reach country trade.

The Pennsboro Republican,

Published weekly at Pennsboro, W. Va.

A live, energetic and aggressive Republican Newspaper devoted to the interests of the people. All questions discussed in a forcible and fearless manner from the standpoint of an Independent Republican voter. Subscription Price, one year, $1.25, when paid in advance, $1.00. Our facilities for

JOB WORK

are unsurpassed in this County, and all orders receive prompt attention. We guarantee satisfaction on all work done in this office. Call for rates on any work you want done.

Ferguson S P, General Store.

PHILIPPI.

The judicial seat of Barbour county, with 800 population, is located on Tygart's Valley river and the Grafton & Belington division of the B. & O. R. R., 24 miles from Grafton, 124 miles east of Wheeling, 17½ miles north of Belington, at which point the B. & O. connects with the W. Va. C. & P. Ry. for Cumberland, 148 miles distant. It has 4 churches and a good public school, a bank, flour and planing mills, coal mines, a wagon manufactory, a tannery, a good hotel, 3 weekly newspapers, the Democrat, the Jefferson Plaindealer and the Republican. The coal fields of this district are in lively operation; in addition to the firms already mining and shipping coal extensively, other large companies are being organized, lands in quantities have been purchased, and Philippi will soon be known for its output of coal, that will equal any of the recognized mining centers of the state. The convenience of the mail service is an item to Philippi. Two daily mails arrive from Grafton and one from Elkins. Two go to Grafton and one to Elkins. Three star routes bring and receive mail from here, and three free delivery routes (rural) daily reach into the country from 10 to 12 miles each. Telephone connection with all the principal points in West Virginia. Exp., U. S. Tel., W. U. Granville A. Grant, postmaster.

PIEDMONT.

Population, 2,600. There is perhaps no town in the state so well adapted in every way to manufacturing purposes as Piedmont. Situated in the northwest of Mineral county, on the B. & O. R. R., the C. & P. R. R. and the W. Va. C. & P. Ry., five miles west of Keyser, 206 miles from Baltimore and 176 from Wheeling, it is within easy reach of raw materials of every description and convenient to the eastern markets as well. Transportation lines radiate in every direction, reducing freight rates to a minimum. The Piedmont Pulp & Paper Co.'s large plant is located here, owned by the Luke brothers, employing 350 men. The United States printing department employs about 50 persons in making the postal cards for the government. Iron and coal veins of marvelous thickness sandwich the hills, and virgin forests stretch away for miles in every direction. It has an electric light plant, water works, the best opera house outside the large cities, and only one belonging to the town, in the state, good hotels, feed and flour mills, a Presbyterian and two Methodist (North and South) churches, and across the river, in the sister town of Westernport, Md., connected by bridges, a Catholic, Episcopal, United Brethren and Lutheran churches, and two public schools. There are two banks—the First National and the Davis National—and two weekly newspapers, the Herald and the Independent. Tel., W. U. Exp., Adams and U. S. J. F. Harrison, postmaster.

Thaxton E S, genl store.
Vass J W, blacksmith.

POINT PLEASANT.

A prosperous city of 2,700 population, located on the Ohio river at its confluence with the Great Kanawha, in Mason county, of which it is the judicial seat, 172 miles below Wheeling, 78 below Parkersburg, 60 from Charleston and 200 from Cincinnati. The O. R. R. R. and the K. & M. Ry., pass through the city. Direct communication is also had over the Hocking Valley route, the railroad station, Point Pleasant, Ohio, being reached by ferry. Point Pleasant dates its settlement from 1775, and has churches of the leading religious denominations, one of the finest public school buildings in the state, an electric light and water plant, a foundry and machine shop, a brick yard, 2 flour mills, a furniture factory, 2 dry docks, an opera house, a good hotel, a bank and 2 newspapers, the Daily and Weekly Register and the State Gazette (semi-weekly). Two handsome railroad bridges span the rivers—the K. & M. Ry. bridge over the Ohio river and the O. R. R. R. bridge over the Great Kanawha. Lock 11, the last of the series of locks and dams on the Great Kanawha river, is located at this place. The town is sewered and some of the streets are paved with brick. Exp., Adams and U. S. Tel., W. U. Telephone

Van Gilder, Druggist

ROMNEY.

Population, 1,300. The judicial seat of Hampshire county, is one of the oldest towns in the state, having been settled about the year 1747. It was laid out by Lord Fairfax, and the original plot is still on record. It is the terminus of the South Branch R. R. div. B. & O. R. R. The town is situated on a bluff about 250 feet above the south branch of the Potomac. Here is located the State Institution for the Deaf, Dumb and Blind. It is well supplied with stores, and has 2 newspapers, besides a paper published at the institution, and a small church paper. It has a good public school and a good prepara-

tory school, known as the Potomac Seminary. Excellent grades of hardwood, including vast quantities of white oak and hickory, abound. Tanbark, mine props, ties and lumber constitute the principal shipments. Five churches of the following denomination are sustained: Methodist Episcopal North and South, Presbyterian, Episcopalian and African Methodist Episcopal. A stage line runs to Moorefield, 27 miles distant; fare, $2, or $3.50 for round trip. Telephone connection with Moorefield, Petersburg and Keyser. Tel., W. U. Exp., U. S. Miss Mary Gibson, postmaster.

SAINT LEO.

Population, 30. In Monongalia county, 30 miles west of Morgantown, the judicial seat, 5 from Burton, the nearest shipping point, and 8 from Mannington, the nearest bank location. Mail, daily.

ST. MARYS.

Population, 2,500. The judicial seat and largest town of Pleasant county, located on the Ohio River and O. R. R. R., 30 miles north of Parkersburg and 64 south of Wheeling. It was first settled in 1849 and incorporated in 1872, but was reincorporated in 1880. It has five churches, a $20,000 new brick public school, two banks, 4 hotels, 4 mills, flour mill, tannery, machine shops and two weekly newspapers, beside the many stores, etc., usually found in a new oil town. St Marys in many respects resembles Sistersville of a few years ago, having doubled its population in the past year and the business part of the town being still in a very unsettled condition, new firms and buildings are of almost daily occurrence. Oil is king and every kind of business that depends on this commodity is to be found here. Telephone connection to Hebron, Rock Run, Schultz, Finch and Calcutta by local companies, and to the outside world by the Bell Telephone Co., which also has a local exchange here. Express, Adams. Tel., O. R. Charles M. Matheny, postmaster.

SISTERSVILLE.

With 6,000 population, is located on the Ohio river and on the O. R. R. R., in Tyler county, 9 miles northwest of Middlebourne, the county seat, 47 miles from Parkersburg and the same distance from Wheeling. The town was laid out in 1815, incorporated in 1845 and re-incorporated in 1866. It is one of the greatest oil cities in the country, there being from 2,500 to 3,000 oil wells located in the vicinity. It is lighted by natural gas and electricity, has a fine system of water works and has the best paved streets of any similar sized town in the United States, while its sanitary conditions are perfect. There are three volunteer fire companies, which afford first-class fire protection. The hotel accommodations are unsurpassed and a fine new school building has recently been completed at a cost of about $35,000. It has Baptist, Catholic, Methodist, Episcopal and Presbyterian churches, 3 banks, a flour mill, 2 planing mills, 5 machine shops, oil and gas well tool works, brick yards, boiler shops, tank manufactories, etc. Sistersville has grown in 6 years from a settlement of but a few buildings and now has a fine city hall, Masonic temple, new auditorium seating 950 people and many substantial business buildings. The press is represented by the daily and weekly Oil Review and the Tyler County Tribune (weekly). The city's shipping facilities are of the best and the natural resources and advantages offered to manufacturers seeking location unrivaled. Daily hack line to Middlebourne and Elk Fork; fare $1.00; also hack line to Stringtown, fare $2.00 to $3.00. Telephone connection, local and long distance. Exp., Adams. Tel., O. R. R. R. George E. Work, postmaster.

Thomas W N, physician.

THOMAS.

This town is the highest point on the main line of the W. Va. C. & P. Ry., being 2,900 feet above the level of the sea. It is a coal mining town, with a population of over 1,500. It is situated at the junction of the Davis branch and the main line and, on account of its easy accessibility, great elevation, pure air and water, picturesque scenery, lumber interests and inexhaustible coal fields, it bids fair to spring at once into a thriving city. The Davis Coke Co. have here and at Coketon, one mile below, 5 coal mines and 482 coke ovens. Their average output of coal is 5,000 tons daily. It has Methodist, Episcopal and Catholic churches and a good public school. Davis, 7 miles distant, is the nearest banking point. Exp., Adams. Tel., W. Va. Central. G. W. McIntire, postmaster.

Baker B, physician.
Buxton & Landstreet Co (Harry G Buxton pres, F S Landstreet sec and treas), genl store.

Van Horn Conrad, carpenter.
West William, apiarist.

WESTON.

Population, 3,000. Near the geographical center of the state, is the county seat of Lewis county. Is on the line of the West Va. & Pittsburg div. of the B. & O. R. R., known as the Camden system, and the location of the company's repair shops. The West Virginia Hospital for the Insane—constructed at a cost of a million and one-half dollars—is located here. There are 7 churches, a graded school, 2 banks, 2 good hotels and a telephone exchange. Two weekly newspapers are published—The Democrat and The Independent. The manufacturing enterprises include foundry and machine works, flour mills, saw and planing mills, and carriage factory. The streets are well paved and the borough is well lighted by electricity; there is also an abundant supply of natural gas, and oil having been discovered here recently in large quanities close to town, it must insure to Weston a season of prosperity. The entire county is at present much interested in the development of oil. Exp., U. S. Tel., W. U. R Ad. Hall, postmaster.

WEST UNION.

Population, 800. The county seat of Doddridge county, is located on the Parkersburg branch of the B. & O. R. R., 56 miles south in an air line from Wheeling, 55 miles east of Parkersburg and 49 west of Grafton Junction. Lumber and live stock are the exports, while much activity is manifest in the oil hood both to the north and southeast and within a radius of a few miles splendid developments have been made, which will prove a precursor to stimulate the operations in this territory, for a distance of nearly 20 miles to the north and 12 miles to the southeast; the merchants of the town are doing an extensive trade in the oil fields furnishing supplies of every description. The press is represented by the Oil Derrick, Herald and Record. Three daily mail routes, supplying 27 country offices and varying from 15 to 20 miles in distance all materially to West Union as a postal point of considerable importance. A handsome court house of elegant design is being constructed on an eminence in the center of the town to cost $40,000 and other business buildings of architectural beauty and design are under way, including the building of the Doddridge County Bank. Was settled in 1846 and is incor-

WHEELING.

Population, 45,000. The largest and most important manufacturing and commercial city in the state, stands on the eastern bank of the Ohio river and on an island, the mainland and island being connected by two bridges. It was twice, temporarily, the capital of the state, in 1863 on the formation of the state, then removed to Charleston, and again brought to Wheeling in 1875 until 1885, when Charleston was made the permanent seat of the state government. Wheeling was first settled in 1769 by Ebenezer, Jonathan and Silas Zane, brothers, and was called Fort Fincastle. In 1776, at the outbreak of the Revolution, the name of the settlement was changed to Fort Henry, in honor of the first governor of Virginia. It was twice besieged by the British and Indians, in 1777 and 1782, but successfully resisted both attacks.

Wheeling was incorporated as a village in 1806, and in 1836 received a city charter. Her growth has been steady, and her advancement and material prosperity and wealth made strictly on conservative lines. Wheeling is chiefly distinguished for her manufactures of iron and steel, having quite a diversified list of important relative industries, prominent among which is the manufacture of steel pipe, slabs, blooms and billets, steel and iron roofing, steel nails, sheet steel, steel rails, sheet iron, skelp, bar and pig iron, hinges, railroad spikes; in fact, almost every form in which iron and steel is manufactured; also extensive tin plate mills, which have just recently been erected. The tonnage connected with the iron and steel trade amounts annually to over two million tons. The consolidation in 1892 of the entire plants of the Benwood, Belmont, Wheeling Iron and Nail Companies and the Wheeling Steel Works, under one management, has greatly facilitated the development of the different branches of the iron and steel business. This corporation, together with the Riverside Iron Works, form two of the most

Brewers of the Celebrated EXPORT, LAGER and BAVARIAN BEER BEST IN THE MARKET.

extensive concerns of their character in the United States. The latter establishment is the only one in this country that manufactures steel gas and steam pipe.

Wheeling glassware has long held a most enviable reputation, the products of the various works finding ready sale in all quarters of the civilized world. The pottery industry has but recently been added, and from the very modest beginning three large concerns now do a very flourishing business, their wares being in lively demand, particularly in the west. Next to the iron, steel, glass and pottery industries, the most important is the manufacture of chewing and smoking tobacco and cigars. This industry affords employment to the largest number of persons next to the iron and steel establishments. Wheeling beer and ale have a name abroad that make them rivals to the most extensive breweries in the land. The largest breweries are the Reymann and the Schmulbach companies. They have every modern appointment, and have a combined capacity of half a million barrels annually.

In addition to the interests enumerated above there are a large number of diversified manufacturing industries embracing foundries, boiler works, axel works, factories for the manufacture of steel ceilings and galvanized iron cornices, window caps, etc., tool works, machine shops, carriage and wagon works, planing mills, box factories, canning and preserve works, tanneries and other smaller concerns, whose aggregate capital runs considerably into the millions, furnishing employment to thousands of skilled workmen. The commercial interests of Wheeling are very large, there being nearly ninety wholesale houses in the lines of groceries, confectioneries, dry goods, notions, millinery, clothing, hardware, drugs, hats and caps, boots and shoes, wines and liquors, cigars and tobacco and wool. All of the firms engaged in the above mentioned lines are housed in large and modernly appointed edifices of very attractive architectural design.

The banking and financial establishments of the city stand without peer of similar ones in the largest cities of the country. The wise and conservative management have enabled the twelve banks now in operation to weather all the storms and panics that have swept over the country; in fact, these periodical depressions and financial calamities have rather strengthened them than anything else. The city enjoys unusual advantages in railroad facilities, commanding outlets over the Baltimore & Ohio and its branches; Ohio River Railroad; Pittsburg, Cincinnati, Chicago & St. Louis, and Cleveland & Pittsburg, operated by the Pennsylvania Company; Cleveland, Lorain & Wheeling; Wheeling & Lake Erie; Wheeling & Elm Grove. The Wheeling Bridge & Terminal Company connects the city with Martins Ferry, Ohio, crossing the river at the north end of the city over one of the finest steel and pier bridges that span the Ohio. The company maintains a handsome union depot in the center of the city. The Island (which is the Seventh ward of the city) is connected with the city proper by a magnificent suspension bridge of 1,010 feet span of graceful proportions, and a handsome steel bridge, over which the electric cars run, giving the city rapid transit with the towns of Bridgeport, Martins Ferry and Bellaire, in Ohio, opposite Wheeling. Besides the facilities afforded by transportation by rail the Ohio river, which is navigable to Pittsburg, is a highway that furnishes a cheap mode of travel and shipping. Wheeling supports four daily papers, one being printed in the German language. The Intelligencer and News are the leading newspapers in the city and state. Exp., Adams, U. S. and Wells, Fargo & Co. Tel., W. U. and Postal Telegraph-Cable Co. George Wise, postmaster.

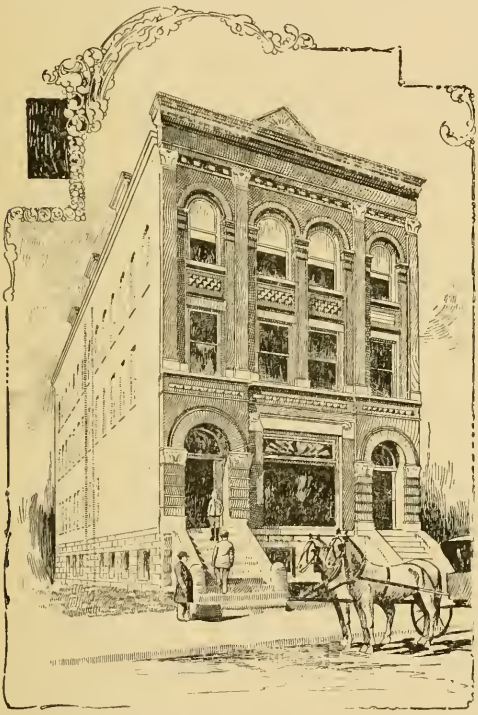
REYMANN BREWING CO.'S EXPORT, BAVARIAN AND LAGER BEER
Wheeling, W. Va. Is Celebrated for its Excellence.

DR. HASKINS HOSPITAL.

The building is new large and commodious, and one of the best equipped institutions of the kind in the United States. It is a home-like, cheerful place, delightfully situated on high ground where the climate is temperate.



The building was constructed especially for the purpose for which it is used, and designed to offer peculiar facilities for the accommodation of surgical cases, and the treatment of allied diseased conditions.

It is of stone and brick, and practically fire-proof and is heated by the hot water system. A passenger elevator of the latest improved pattern is used.

The rooms are large, sunny and well ventilated; each one is provided with an open fireplace, hardwood floor, electric and gas lights, electric bells, double walls and double doors, and every other arrangement which seems adapted to secure the comfort, seclusion and safety of patients.

There are wards intended for patients whose circumstances are such that they cannot afford a private room.

The operating room, of solid marble, is so constructed as to get absolutely pure air, heated and moistened to any degree that may be desired. Having my office in the same building, I am enabled to give personal supervision to every case.

A competent resident physician lives in the establishment; well trained nurses will give the patients the best of care.

Number of patients limited to fifty (50); no dementia cases received, nor any form of disagreeable invalidism.

Patients may engage the services of any physician in good standing with whom they must make their own arrangements. Inspection invited. Full information on application.

Members of the profession who may commend their patients to our care can be assured of the most competent management and most exacting professional courtesy.

Terms, $12 to $50 per week, according to room. Address

Every year the Remington Typewriter points the way to success for thousands of its operators. No other typewriter gives its operators so many opportunities to secure positions, because no other machine is so generally used in the business world. To make a successful stenographer, one must be a Remington operator.

BRONZE CASTINGS OF ALL DESCRIPTIONS
WHEELING BRASS CO.,
33 18th St., Wheeling, W. Va.

The Remington Typewriter does the Work of the World.
Why not have it do yours? If you have an old typewriter, no matter what make, let us make you a proposition to exchange it for an up-to-date Remington. It will cost you nothing and may save you much.

REYNOLDS
MEMORIAL HOSPITAL

A LONG LESSON WELL LEARNED. The experience of a quarter of a century has taught the makers of the Remington Typewriter how to produce the most durable, reliable and generally efficient writing machine the world has ever known.
Wyckoff, Seamans & Benedict, 428 Wood St., Pittsburg, Pa.

Reynold's Memorial Hospital,

GLENDALE, W. VA.

This Hospital is located two miles North of Moundsville, in the country and most beautifully situated, so as to give comfort and cheer to all who come within its walls.

It is located on the B. & O. R. R. being the official Hospital of that R. R. Co. and also on the O. R. R., the M. & B. R. R. and only four blocks from the Ohio River, in one of the most delightful sections of the Ohio Valley.

The building is of stone and brick and practically fire proof.

It is home-like, commodious and thoroughly equipped in every particular, having both hot water heat and open fire-places to cheer.

The Operating Room is tiled to the ceiling, thoroughly ventilated, having abundant skylight thus providing every convenience for surgery.

The Hospital has six acres of beautiful grounds, possess its its own electric light plant and water-works which provide an abundance of pure clear water from the adjacent springs.

Drainage has received special care and its system cannot be excelled.

The Staff consists of six Physicians and six Surgeons; though any qualified Doctor may practice in the Hospital according to the personal preference of the patient.

The Hospital has also a comfortable and the latest Ambulance made, which can be used either for Hospital or other patients.

There are a number of free beds to be used for such patients as are unable to pay.

Rates vary from $5.00 each week for the Wards and from $10 to $25.00 for the private rooms which are large, sunny and handsomely furnished.

All communications as to admittance, etc. should be addressed to ARCHDEADON B. M. SPURR,
Moundsville, W. Va.

Seal Engraving W. A. Bunting & Son, 204 Fifth Ave., PITTSBURG.

THE KELLAM CANCER, MEDICAL AND SURGICAL HOSPITAL.

FRED C. KELLAM,
General Manager.

We Guarantee Permanent Cures Without the Use of Knife in **Cancer** AND ALL CHRONIC SORES...

No Money to be Paid Until Patients are Cured.

Our Medical and Surgical departments are second to None being composed of a Corps of First-class Physicians.

Richmond, = . Virginia.

Charleston W. Va., July 3, 1899.

DR. F. C. KELLAM,

Gen. Manager Cancer, Medical & Surgical Hospital, Hinton, W. Va.

DEAR SIR: Replying to your letter of the 26th ult., I beg to say that I believe your institution is one of great value to those unfortunates who are affiicted with cancer. I spent two or three hours, some months ago, going through your Hospital and conversing with your patients. I am clearly of the opinion that your cancer remedy or remedies are of great value to the public. I saw enough to satisfy me there is no sort of doubt about your ability to remove any sort of cancerous tumor. From what I could see, I inferred that your medicine removed every particle of diseased flesh. I have seen several patients from your Hospital who told me that so far as they could see, they were entirely cured. I am of opinion, therefore, that you are doing a great deal of good in your efforts to relieve suffering humanity from this, one of the worst diseases known to the human family. I wish you great success in your work.

Very Respectfully Yours,

G. W. ATKINSON,
Governor of West Virginia,

Athens, W. Va., April 18th 1899.

Dr. Fred Kellam,
Hinton, West Va.

Dear Sir:—Allow me to express to you my entire satisfaction with the results of your treatment in all of the cases with which I have had any connection or knowledge. After personal investigation of the principles and methods employed by you in the treatment of Cancerous affections, I am of the opinion that better results cannot be had elsewhere by the use of any other means now known to the medical profession. I have visited hospitals in the cities of New York, Philadelphia and Baltimore, and, so far as I have knowledge, The Kellam Hospital, of Hinton, W. Va., takes the lead in the treatment of the above class of diseases. I feel proud that we have in the hills of West Virginia an institution which is doing so much to relieve suffering humanity from the dreadful horrors of Cancer. May many of the sufferers from this disease learn of THE KELLAM INSTITUTE, place themselves under your care for treatment, and thus give you an opportunity to demonstrate to them that you can do all you claim.

Wishing you continued success, I am

Most Repectfully,

D. H. THORNTON, M. D.

An Unqualified Endorsement by a Prominent Minister.

HINTON, W. VA., July 27th 1899.

TO THE PUBLIC:

Having been a resident of the city of Hinton for seventeen months past during which time I have had the freest access to and intimate knowledge of the management, workings, and success of the Kellam Cancer, Medical and Surgical Hospital, in the treatment of cancers of the most malignant character, and having seen such marvelous cures wrought by such treatment, it affords me great pleasure to be able to give to the institution my unqualified endorsement and can heartily recommend it to any one suffering from cancer.

I know Dr. Kellam personally and intimately, as a thorough Christian gentleman, reliable in his statements and responsible in his transactions.

Respectfully,

J. P. CAMPBELL,
Pastor First Baptist Church.

HINTON, WEST VA., June 12, 1899.

In behalf of the Kellam Cancer Hospital, located in this city, it affords me great pleasure to be able to convey to those who are afflicted with that dreaded disease the glad intelligence that here they can find a successful remedy. I have been a regular visitor to the Hospital since its establishment and have witnessed the happy results of Mr. Kellam's treatment in scores of cases, so that I can confidently assure any one who may be affiicted with cancer that a visit here and trial of the treatment will never be regretted. The manager, Mr. Fred C. Kellam, is thoroughly reliable in every sense of the word and the Hospital is ample with all modern equipments, necessary for the comfort of patients.

J. W. HOLT,
Pastor Presbyterian Church.

CAUTION.

Deal only with well-known publishers when giving orders for Directory advertising.

READ ALL ORDERS CAREFULLY BEFORE SIGNING, and do not sign duplicate "vouchers," as they are invariably used fraudulently.

PAY NO MONEY IN ADVANCE. All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

West Virginia Central & Pittsburg RAILWAY CO.

Cumberland, Md., to Belington, West Va.

BRANCHES:

Harrison to Elk Garden
Thomas to Davis
Elkins to Huttonsville
Elkins to Belington

The road opens up three immense coal fields, viz.: "Elk Garden," or George's Creek Big Vein; "Upper Potomac," or Davis Vein; "Roaring Creek," or Pittsburg Vein.

It passes through and opens to market thousands of acres of the best timber land in West Virginia, of almost every merchantable kind, including Walnut, Cherry, Ash, Oak, Hemlock, Spruce, Etc.

The coke manufactured from the Davis Vein of coal unsurpassed, and equal to the best standard Connelsville.

Splendid Grazing Land at very low figures.

Good Hunting and Fishing
